

Meeting Summary

The 3rd China-Malaysia Port Alliance Meeting

The 3rd China –Malaysia Port Alliance Meeting was successfully held in Tianjin, China on November 20, 2018.

The attendances were 13 delegates from Malaysia, headed by Mr. Mizool Amir Mat Drus, Principal Assistant Secretary Maritime Division, Ministry of Transportation, Malaysia; and 21 delegates from China, headed by Mr. LIU Peng, Deputy Director, Waterborne Transportation Department, Ministry of Transport China (Appendix 1).

The topic of the Meeting was “Mutually Improving Quality and Increasing Efficiency between China and Malaysia Ports”. The Meeting was chaired by Mr. LIANG Yongcen, Chairman of Tianjin Port (Group) Co. Ltd. Both Secretariats presented updated work and perspectives.

Representatives from both sides have delivered key speeches respectively. Madam Rafidah bt. Mohd Ali, Corporate Senior Manager of Johor Port, presented Greening Malaysia Ports, and Mr. CHU Bin, President of Tianjin Port (Group) Co. Ltd., introduced Green Port and Adjusting Transportation Structure. Other delegates shared and exchanged information of the updated work at their respective ports. Several port operators and shipping companies were also invited to participate in this CMPA Meeting.

Both sides further expressed their desire to cooperatively develop port industry in China and Malaysia. Following common understanding has been reached during discussion:

1. In fostering the cooperation between China and Malaysia Ports to enhance development and prosperity of the port industry, Alliance Members shall exchange information and carry out professional researches, training program and discussions. This shall also include policy communication and exchanges between members which will provide clarity and stability to business environment. Additionally, port investment information exchange, training for port higher management and instilling the values of sustainable port development among the industry will be given priority.

2. Encourage and accelerate port and shipping companies to optimize shipping line distribution and service network through CMPA. Further to deepen port and shipping information sharing platform, enhance logistics information standards interconnection and sharing of open information to promote and facilitate bilateral trade.
3. Further strengthening cooperation in areas of port construction, cruise line connection between Malaysia & China destinations, port and logistics operation and management, as well as ocean tourism.
4. The CMPA Members shall continue to implement the Exchange Port Personnel Communication and Study Programme to accelerate exchanges and cooperation mutually.
5. Both sides have unanimously agreed to take advantage on the CMPA platform, dealing with concrete port cooperation, and to invite selected port and shipping companies to join in the CMPA's activities. These companies that are deemed to further contribute to CMPA's objectives may be considered for membership in future.
6. The 4th China Malaysia Port Alliance Meeting will be held in Kuala Lumpur, Malaysia in 2019,

This Meeting Summary was written in English and Chinese, signed at Tianjin, China, on November 20, 2018, in duplications for each Secretariat holding a copy.
